- A. All persons who meet authorship criteria are listed as authors, and all authors certify that they have participated sufficiently in the work to take public responsibility for the content, including participation in the concept, design, analysis, writing, or revision of the manuscript. Furthermore, each author's signature certifies that the results (or any part of them) used in the manuscript have not been submitted for publication in any other journal, have not been published before publication in *RARD - Review on Agriculture and Rural Development*, and will not be published in any other publication.
- B. Moreover the authors confirm by their signature that they have not used the results of other research in the submitted manuscript without proper citation. By signing this document, each co-author agrees to the publication of the full text of the manuscript on the journal's website and consents to the publication of the manuscript, even after any changes to the peer review.

**The authors alone are responsible for the content and writing of the paper!**

### 2. Acknowledgements

All persons who have made substantial contributions to the work reported in the manuscript (e.g., technical help, writing and editing assistance, general support), but who do not meet the criteria for authorship, are named in the Acknowledgements and have given us their written permission to be named. Please indicate in the acknowledgements section if the article was supported by a grant.

### 3. Publication Ethics

By signing this document, authors are confirming that they read the Journal's Publication Ethics statement, they understand it, and they fully took it into consideration, when they made their article and sent it for publishing into the RARD.
